SPACHE – 4th TRANSNATIONAL MEETING (Sneek and Heerenveen, Italy)

The fourth transnational meeting of the SPACHE project took place between the 6th and 8th of September, shared between the towns of Sneek and Heerenveen, in the Netherlands.

The main objective of this meeting between the consortium partners was the intermediate monitoring of the project and the launch of future tasks.

Regarding monitoring and evaluation, all the dates defined for the delivery of documents – timesheets, dissemination report, as well as payment requests for the different tranches were recalled.

The progress of the Pilot Programs in the various countries was another topic of the meeting with interventions of the different partners indicating the difficulties and challenges that are emerging.

On the first day was also an opportunity to get to know the Pilot Program implemented by the partner *Sport Fryslân*, which seeks to promote the local cultural heritage, through the performance of various physical activities.

The second day, started with the presentation made by Elena Ferrari and Flavia Pesce (IRS), concerning the Impact Social Plan, where some data and results of Pilot Programmes were displayed.
